BiodivSourcing
Promoting biodiversity through sustainable development

COMPANY DESCRIPTION

Sustainable Development is no longer an option but a reality. Businesses, governments, local communities and institutions need to work hand in hand to achieve this. An important part of sustainable development is the sustainable use of biodiversity.

BiodivSourcing aims to support you to use biodiversity sustainably, helping to work towards a better future.

BiodivSourcing offers advisory services on biodiversity management to ensure sustainable sourcing of biodiversity. We support companies (big or small businesses) to improve a full integration of biodiversity issues in their day-to-day practices.

None

PROGRESS IN ACTIVITIES UNDERTAKEN TO PROMOTE UEBT

Through the UEBT membership BiodivSourcing Ltd is committed to the Ethical BioTrade Principles and Criteria.

Implementation of the commitment to the Ethical BioTrade Principles and Criteria

The basis of BiodivSourcing is the Ethical BioTrade Principles and Criteria. However, as BiodivSourcing, does not yet work on supply chain nor is big enough to have employees. It applies the Ethical BioTrade Principles and Criteria when applicable to its activities and size.

Activities undertaken to promote UEBT and Ethical BioTrade

BiodivSourcing provided training on ABS and the Nagoya Protocol, promoting UEBT and its Principles and Criteria as key tools to implement such practices.

BiodivSourcing met with a lot of potential clients during this last year and always promoted UEBT and the Ethical BioTrade Principles and Criteria as useful tools to achieve commitments linked to sourcing and biodiversity.

Funds invested in Ethical BioTrade Projects

BiodivSourcing did not yet develop such specific projects, though no specific funds has been invested. However, BiodivSourcing invested quite a lot in outreaching clients and promoting Ethical BioTrade practices.

SERVICES OF UEBT AFFILIATE MEMBERS

One of the objectives of UEBT is that Affiliate Members provide support, technical guidance and advice to UEBT Trading Members in their particular area of expertise.

- Training on Nagoya protocol and anticipating tool, including UEBT system (already provided - non UEBT members);
- Support in the development of BMS;
- Support in the development of the M&E system (indicators, data collection protocols, etc.) (in discussion - UEBT members);
- Support in the development of tools related to the application of the NP for specific client (in progress - non UEBT members);
- Support in implementing Ethical BioTrade practices in supply chains.
